New Applications are presented at each Board meeting (*typically monthly*) for approval by the Colonnade Club Board of Governors. Payment of dues is processed once the application is approved. New Member packets are sent out once payment has been processed and information has been recorded in the Colonnade Club database, typically within a week from the Board meeting. Full-time faculty members are automatically approved and do not need to wait for further Board approval to start using the Club, as long as the application and payment have been received by the Colonnade Club office. The membership year extends from July 1 through June 30.
